Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicants bring to the attention of the Examiner the documents listed on the attached PTO 1449. This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

Copies of the listed documents, including any copending patent applications, are attached.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

The following applies to the non-English language documents.

1. **WO 01/83451**: A Derwent Abstract of this document is attached. This document is also believed to be a counterpart of European Patent Application No. 1 277 736, a copy of which is attached.
2. **WO 99/15525**: A Derwent Abstract of this document is attached. This document is also believed to be a counterpart of U.S. Patent No. 6,380,230, a copy of which is attached.
3. **EP 0 462 884**: A Derwent Abstract of this document is attached. This document is also believed to be a counterpart of U.S. Patent No. 5,190,923, a copy of which is attached.
4. The journal article by H. **Fiesselmann**, et al. is discussed in the specification at p. 63, paragraph 231 and p. 69, paragraph 254.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
